

## Directions to Schloß Schönborn in Geisenheim

### Coming from Frankfurt/Wiesbaden

Take the A66 from Frankfurt and pass by Wiesbaden. The highway A66 (with blue signs) will become the B42 (with yellow signs) after some kilometres. Continue on the B42 until the exit "Geisenheim Mitte"(i.e. go past "Geisenheim Ost").

At the exit take the first left (a small brown sign directs to Schloß Schönborn),

then the first right into the Schmittstr.

This Schmittstr. will take you to the railway station where you can find parking places and where you see Schloß Schönborn on the left side (Entrance via the Winkelerstr.).

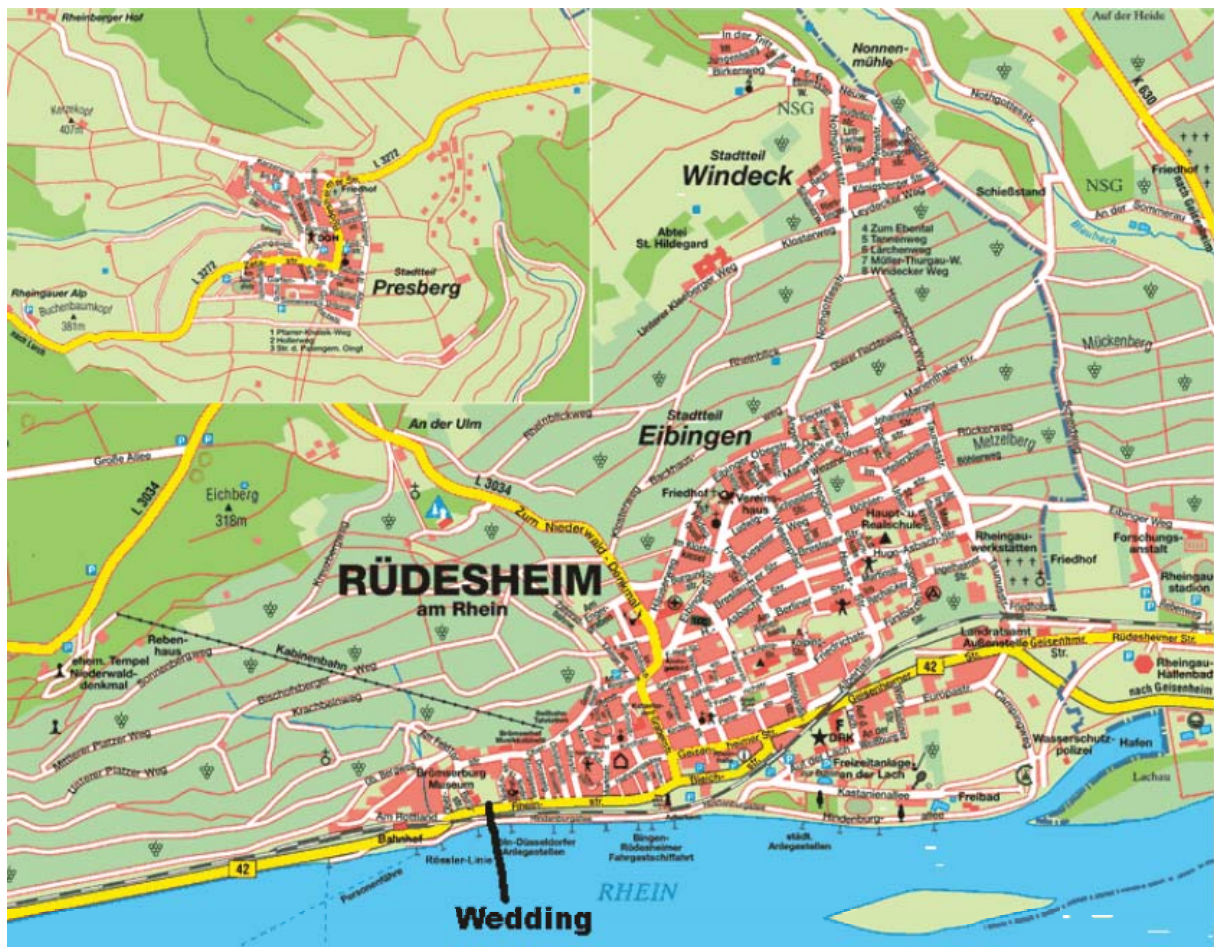

### Coming from Rüdesheim

Here take the B42 in the direction to Wiesbaden. After about 3 km you will see the exit "Geisenheim Mitte". From there directions are as above.

## Directions to the civil registry office in Rüdesheim

Take the highway A66 (with blue signs) and pass by Wiesbaden. The A66 will become the B42 (with yellow signs) after some kilometres. Continue on the B42 (passing by Geisenheim) until you get directly into Rüdesheim. You will stay on the main road which will eventually turn left to Koblenz. A few meters later take a right turn and you will find the river Rhine on the left side, the pedestrian area of Rüdesheim on your right side. Continue on this road for almost a kilometre. Shortly before you get out of Rüdesheim (directly after the vineyard “Jung”) you will see the “Brömser castle” on your right (150 m you will see the Rüdesheim railway station). Take a right directly after the Brömser castle (into the “Burg”-street). There you will find a parking place where you can park your car.

Parking places are not really easy to get in Rüdesheim. For those who intend to go to the wedding party in Geisenheim later in the evening we recommend to park their cars there and take the train. Geisenheim and Rüdesheim are one train station apart, the ride takes 4 minutes and the railway stations are within walking distance (less than 150 m) from the Brömser castle and from Schloß Schönborn.

The relevant departure times with the train are:
